Sullivan & Sullivan Auctioneers, LLC celebrate seven year anniversary

Published on Tuesday, May 13, 2014

On May 1, 2014, Sullivan & Sullivan Auctioneers, LLC celebrated seven years in the real estate auction business.

In 2007, Marianne Sullivan, President of Sullivan & Sullivan Auctioneers, LLC, was well recognized with more than 20 years of experience in the real estate auction industry. Starting up Sullivan & Sullivan Auctioneers, LLC, she was making the leap to enter the real estate foreclosure arena where the competition was already distinctly established.

Sullivan & Sullivan's conservative start up began with a few desks rented within a Boston real estate office. The company grew quickly, opening their own office on South Street in Boston. In the last quarter of 2011, Sullivan & Sullivan relocated to Cape Cod. Outgrowing their original Cape Cod office in just one year, Sullivan & Sullivan purchased a building on Route 6A in Historic Sandwich where the operations center remains today.

Since 2007, Sullivan & Sullivan has grown from conducting 30 to 40 auctions per month in Massachusetts to now scheduling more than 200 auctions each month in Massachusetts, New Hampshire and Rhode Island. This year Sullivan & Sullivan has added municipal tax lien foreclosure auction services to their repertoire. Sullivan & Sullivan's third party sales exceeded \$25 million in 2013.

Sullivan & Sullivan is a full service commercial auctioneering firm specializing in marketing and auctioning foreclosures, tax lien sales, secured party sales, and condo lien sales for residential, commercial, and industrial real estate properties. Clients include banks, mortgage companies, financial institutions, private lenders, condominium associations, attorneys, city or town government, state agencies, corporations, investors and individuals.

"We treasure the relationships we have established. Our success stems from our clients' support, our growth flourishes from their loyalty," says Marianne Sullivan. "We maintain strong relationships with our clients by catering to their evolving, unique, and individual needs."
